

CHIMEREMNMA OJINTA

PRODUCT ENGINEER AND CO-FOUNDER

ojintachimeremnma@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFILE

Product engineer and founder-builder with experience turning business problems into maintainable full-stack products. Works across product discovery, responsive frontend systems, backend APIs, and AI-assisted experiences; recognized for technical growth, leadership, and community contribution.

EXPERIENCE

Monura | Co-Founder and Product Engineer Jun 2026 - Present

- Co-founded an active MVP for multi-branch ordering and operations, shaping product scope, workflow models, and the technical foundation with a four-person team.

Digi Teach Africa | Frontend Engineer Nov 2025 - Present

- Built and launched the responsive public landing experience through Mar 2026; continue to support product improvements on retainership.

Serlzo | Frontend Engineer Dec 2024 - Jul 2025

- Contributed production frontend work to the company's creator-business platform as part of the engineering team.

Genesys Tech Hub | Frontend Engineer Intern Dec 2023 - Sep 2024

- Built a professional frontend foundation through Learnable, collaborated on team delivery, and earned two cohort recognitions.

SELECTED PROJECTS

Doctor Snap — Fullstack Engineer, Jan 2026 - Present. Built frontend and backend foundations for a team healthcare product focused on simpler access to care.

Agent of Shield — Fullstack Developer, Jun - Aug 2025. Created an AI-assisted insecurity monitoring interface with filters, search, and geographic context; frontend remains viewable.

iNOVA — Team Lead and AI Developer. Led a five-person team using React, Express, and Vercel AI SDK; placed third in the college round.

ECH Students Dashboard — Frontend Engineer, May - Aug 2025. Implemented responsive dashboard surfaces and reusable interface patterns for a team project.

EDUCATION

Coal City University — B.Sc. Computer Science, First Class. Oct 2021 - Aug 2025

RECOGNITION AND CERTIFICATION

Genesys Learnable 2023 — Frontend Intern of the Year and Person of the Year. Recognized for technical progress, consistency, and community contribution.

Oracle Cloud Infrastructure 2025 — Certified Foundations Associate. Cloud infrastructure foundations credential.
